

**SCOPE OF WORK AT BIKINI ATOLL****FOR FY 1992****PURSUANT TO MAY 13, 1992 MEMORANDUM OF UNDERSTANDING**

This Scope of Work is prepared pursuant to Article 2 of the May 13, 1992 Memorandum of Understanding Between the United States Department of the Interior, Office of Territorial and International Affairs (hereinafter referred to as "DOI/OTIA"), the Kili/Bikini/Ejit Local Government Council (hereinafter referred to as "the Council"), and the United States Department of Energy Office of Environmental, Safety and Health (hereinafter referred to as "DOE/ES&H"). Pursuant to Article 2 of the Memorandum of Understanding, the written approval of this Scope of Work by DOI/OTIA and DOE/ES&H constitutes authorization for DOE/ES&H to provide the required support under the Memorandum of Understanding and for the provision of funding from DOI/OTIA to DOE/ES&H to perform the work.

**I. GENERAL**

The work and support to be provided by DOE/ES&H through its captive contractor, Raytheon Services/Nevada (hereinafter referred to as "RSN") will be on a direct reimbursable basis. The work will include general support for all programs at Bikini Atoll under the auspices of the Resettlement Trust Fund for the People of Bikini (hereinafter referred to as "Resettlement Trust Fund"), established pursuant to the provisions of Public Laws Nos. 97-257 and 100-446. These programs include Bikini community field trips to Bikini, an ongoing dive program and training course for Bikini divers, special

studies and technical services and agricultural programs on Eneu and Bikini Islands, general maintenance of the islands, nursery program and replanting program.

## II. COST SHARING

All costs incurred by the Bikini Atoll programs listed in Section I, above, will be charged to the Resettlement Trust Fund. All costs incurred by any DOE/ES&H-related work will be charged to DOE/ES&H. However, the following cost items will be split on a pro rata basis between DOE/ES&H and the Resettlement Trust Fund, according to use:

- A. Fuel for Bikini field station generators and equipment used in general support of the Bikini field station.
- B. Food for Bikini field station.
- C. Materials used to support the Bikini field station.

## III. LAWRENCE LIVERMORE MISSIONS

During missions by Lawrence Livermore National Laboratory to Bikini, all costs will be carried by DOE/ES&H for labor, equipment, materials and food. No person or goods paid for by the Resettlement Trust Fund will be used in support of DOE/ES&H, other than those costs which occur from the joint operation of Department of Energy and Bikini Resettlement Trust Fund programs.

## IV. COSTS

The following costs are authorized by the Council for expenditure from the Resettlement Trust Fund at Bikini in FY 1992:

<u>Cost</u>	<u>Description</u>
\$15,000	Twelve-week salary and overhead for field station manager/dive master/dive instructor/maintenance of buoys and related items
\$6,000	Twelve-week salary for Bikinian, who shall serve as Bikini field station dive manager
\$4,200	Ten-week salary for Bikinian serving as assistant dive manager
\$3,000	Eight-week salary for Bikini diver trainee
\$3,000	Eight-week salary for Bikini diver trainee
\$3,000	Eight-week salary for Bikini diver trainee
\$3,000	Eight-week salary for Bikini diver trainee
\$5,000	Materials for Bikini field station, including support items, dive equipment, maintenance of compressors and other materials
\$21,000	Resettlement Trust Fund share of fuel costs for Bikini field station
\$11,500	Resettlement Trust Fund share of food for Bikini field station
<u>\$13,000</u>	Travel
\$87,700	Total
